

# abrakadoodle®

at Saint Luke's Early Enrichment Program

## Welcome Back to School!

We are excited to begin a new year, with new opportunities, new challenges and new art projects! The Abrakadoodle art curriculum focuses on the process of art, learning new skills, and developing young imaginations. Your child can join us in class and learn about different artists, use a variety of child-safe and creative art materials, learn the importance of sharing, and discover the world of art! All art supplies and materials are included in tuition. Most projects are framed in our exclusive Framedoodles® making it easy to display your child's artwork. Your child's art also makes a great gift for family and friends!
