

Saint Luke's Podcast – Sign-up Instructions

All Saint Luke's sermons and other general teachings will now be available in a *FREE* podcast! If you are unable to sign-up, please contact the church office by calling Nancy Cain at (205) 802-6200.

What is a podcast? A podcast is a series of digital media files, either audio or video, that is produced regularly and downloaded through a media program, such as iTunes. These special media programs, like iTunes, are used to automatically identify and download new files in the series when they are released. New files can thus be downloaded automatically and stored on the user's computer or other device for offline use.

Anyone can use iTunes – you do NOT need to own a portable media player, like an iPod. You can listen to podcasts and other media files directly on your computer. iTunes is **FREE** and can be downloaded from Apple's website: <http://www.apple.com/itunes/>.

- 1) Open iTunes on your computer. Click [iTunes Store] button on the left-hand column, then type "Saint Luke's" in the search bar.

- 2) Locate the Saint Luke's logo on the screen, then click the [SUBSCRIBE] button.

- 3) You will then be prompted to confirm your subscription. Click the [SUBSCRIBE] button. You're finished!
